

WTC Cooling Tower Control Panel

30

Consisting of:

- EMEC WTC Controller
- Dual Pumps Built In
- EMEC MANIFOLD/3 Control Manifold
- Non Return
- Flow Switch
- Chemical Injection Points
- Motorised Bleed Valve

Models:

Model	Functions
WTC BASIC	Conductivity control of cooling tower bleed. Timer control of dual biocide dosing, or Timer controlled biocide plus water meter control of inhibitor dosing. Timer output for control of an additional dosing pump. Alarm output.

Options:

With or without weatherproof enclosure.
Web based remote management.
Timer control of an additional metering pump or electric valve.

* Please refer to 'Aqua Products Limited' terms and conditions of sale for complete warranty conditions.

CENTURIO Swimming Pool Panel

Standard Features:

- EMEC CENTURIO POOL Controller
- Colour Touchscreen Interface
- Free Chlorine & pH Measurement & Control
- Expandable Controller for up to 6 Channels
- ON/OFF Digital Output Relay
- Proportional Pulse Control Relays
- 4-20mA Signal Outputs
- Remote Control by WIFI, LAN or MODBUS
- 5 Year Controller Warranty

Models:

Model	Functions
CENTURIO POOL PANEL	Large colour display, cleanable pre-filter, wall mounted flow block, integrated flow adjustment, integrated flow switch, EPHS pH electrode, EPS free chlorine electrode

Options:

Data-logging to USB.
Remote monitoring and management via GPRS.
Temperature measurement and control.

* Please refer to 'Aqua Products Limited' terms and conditions of sale for complete warranty conditions.

CENTURIO Tower Control Panel

30

Consisting Of:

- EMEC CENTURIO Tower Controller
- Touch Screen Display
- 3 x EMEC VMSMF Metering Pumps
- Schedule 80 PVC Manifold
- Motorised Bleed Valve
- Flow Switch
- Non Return
- Chemical Injection Points
- Sample Valve

Models:

Model	Functions
CENTURIO BASIC	Monitoring and display of conductivity, pH and ORP. Conductivity based bleed valve control. ORP control of biocide dosing. Water meter based control of inhibitor dosing. Timer based control of secondary biocide dosing. LAN connection for web based remote management.

Options:

Plug and play input modules for chlorine, chlorine dioxide, bromine, ozone, hydrogen peroxide, peracetic acid, generic 4-20mA, tracers, temperature.
Weather proof enclosure.

* Please refer to 'Aqua Products Limited' terms and conditions of sale for complete warranty conditions.

MTOWER Cooling Tower Control Panel

Consisting Of:

- EMEC MTOWER CD Controller
- EMEC MANIFOLD/3 Control Manifold
- Motorised Bleed Valve
- 2 x EMEC FPESR0002 Peristaltic Dosing Pumps
- 1 x EMEC FPVM102.2EP Metering Pump

Models:

Model	Functions
MTOWER BASIC	Conductivity control of cooling tower bleed. Timer control of dual biocide dosing. Water meter control of inhibitor dosing.

Options:

4-20mA output signals.
Data-logging to USB.
Remote monitoring and management.
MODBUS.

* Please refer to 'Aqua Products Limited' terms and conditions of sale for complete warranty conditions.
